

## EIPN Early Intervention Provider Network

This is an opportunity to network across the state with other early intervention providers. You are invited to call a toll free number and listen to a 40-50 minute presentation on the subject. You can also ask questions if you would like to do so. If you are able to attend the call for your discipline, you can network with others across the state. However, if you have an interest in a specific topic presented for another discipline; you are invited to call in and participate if you wish. Please email Vanya Mabey at [vmabey@utah.gov](mailto:vmabey@utah.gov) with any questions.

Topic: Differential diagnosis of Gross Motor Delay which means possible causes of gross motor delay and when gross motor delay needs further work up  
Presenter: Dr. Sarah Winter, Neurodevelopmental Pediatrician (more information below)  
Date: **February 23, 2010**  
Time: **1:30 pm**  
Call: Toll Free Dial In Number: 1-800-474-2077

### **Sarah Winter, MD**

Dr. Winter is a Neurodevelopmental Pediatrician in the Department of Pediatrics at the University of Utah. Dr. Winter joined the Division of General Pediatrics in July of 2006, following her move from Ohio State University in Columbus, Ohio. Dr. Winter is board certified in Neurodevelopmental Disabilities and has special interests in children with cerebral palsy, spina bifida, and complex medical conditions, issues related to neonatal follow-up and early identification of motor disabilities. Dr. Winter trained at the University of Minnesota and completed her fellowship in Developmental Pediatrics at Emory University in Atlanta, Georgia in 1998. She worked for the Birth Defects and Developmental Disabilities Branch at the Centers for Disease Control and Prevention as a consultant. Her patient care interests include evaluation of children with motor disabilities, language delays, and care coordination of children with complex neurodevelopmental disabilities. She is the co-director of the Utah Regional Leadership Education in Neurodevelopmental Disabilities, a federal grant supporting the interdisciplinary education of multiple professionals in the care and treatment of children with neurodevelopmental disabilities.

If you would like to listen to previous calls, you can go to [www.utahbabywatch.org](http://www.utahbabywatch.org) and double click on "Agency Information" and click on "Early Intervention Provider Network" at the end of the Miscellaneous section at the bottom of the right hand column. The handouts and audio of all the conference calls will be there a week or two after the call.
